Washington, D. C. 20515

Dear Congressman Studds:

This is in reference to your recent request for comment regarding your constituents' inquiries which were forwarded to us by your note dated March 6, 1980. Copies of this correspondence and enclosures are provided for your convenience.

In response to the question of why records pertaining to Dr. Martin Luther King were placed under seal, I would refer you to two civil actions filed in the United States District Court for the District of Columbia. These suits, Bernard S. Lee vs. Clarence M. Kelley, et al., Civil Action Number 76-1185, and Southern Christian Leadership Conference vs. Clarence M. Kelley, et al., Number 76-1186, were brought against members of the Federal Bureau of Investigation (FBI) for alleged wiretapping in violation of rights guaranteed by the Constitution of the United States. Both plaintiffs were seeking money damages and requested that all records of the monitored conversations be destroyed or impounded.

MAILED 14

1980 MAR 1

On January 31, 1977, the court ordered that "all known copies of the recorded tapes, and transcripts thereof, resulting from the FBI's microphonic surveillance, between 1963 and 1968, of the plaintiff's former president, Martin Luther King, Jr.; and all known copies of the tapes, transcripts and logs resulting from the FBI's telephonic wiretapping, between 1963 and 1968, of the plaintiff's offices in Atlanta, Georgia, and New York, New York, the home of Martin Luther King, Jr., and places of public accommodation occupied by Martin Luther King, Jr.," be turned over to the custody of the National Archives and Records Service to be maintained under seal for 50 years.

Other records pertaining to Dr. King and the Southern Christian Leadership Conference, located at FBI Headquarters, Washington, D.C., are presently being processed for release under the provisions of the Freedom of Information Act.

Kelley, et al. (U.S.D.C., D.C.) Civil Action Number 76-1186, United States District Judge John Lewis Smith, Jr. ordered that the FBI purge its files of:

"all known copies of the recorded tapes, and transcripts thereof, resulting from the FBI's microphone surveillance, between 1963 and 1968, of the plaintiffs' offices in Atlanta, Georgia, and New York, New York, the home of Martin Luther King, Jr., and the places of public accommodation occupied by Martin Luther King, Jr."

A copy of this court order is enclosed for your information. The material subject to this order was to be delivered into the custody of the National Archives and Records Service by April 30, 1977, but due to the volume of records to be reviewed, the Department of Justice requested that the court grant a 90-day extension. This extension expired on July 28, 1977, and due to the volume of material involved, a second extension was requested which expired on October 28, 1977.

King, Jr.; and all known copies of the tapes, transcripts and logs resulting from the FBI's telephone wiretapping, between 1963 and 1968, of the plaintiffs' offices in Atlanta, Georgia, and New York, New York, the home of Martin Luther King, Jr., and places of public accommodation occupied by Martin Luther King, Jr., be assembled at FBIHQ and he ordered that an inventory of the tapes and documents be delivered to him and the tapes and documents themselves be delivered to the custody of the National Archives and Records Service.

RECOMMENDATIONS: (1) That GID prepare an airtel to all Field Offices and Legats instructing that all copies of tape recordings, transcripts and logs identified in the attached order be transmitted to FBIHQ by 2/28/77, to the attention of Mr. Paul E. Nugent. This instruction should be handled under the direct supervision of each SAC and Legat and should include any portions of documents known to have been routed to other files. Each responding office should also send inventory of all materials transmitted showing the number of pages of logs or transcripts generated each day interceptions took place.

(2) That GID assemble such documents along with all similar documents maintained at FBIHQ, including transcripts and/or logs reproduced in response to these civil actions and secure them in a locked file cabinet.

Dear

Your letter was received on January 26th and in response to your inquiry, at a press conference on November 18, 1934, I stated that Martin Luther King was the most notorious liar in the country. I did so because he had grossly distorted the facts concerning our Special Agents handling civil rights investigations in the South. I have not retracted that statement.

Sincerely yours

Dear Sir:

W E E I, a CBS radio station in Boston has been conducting talk shows for some time. They have one announcer named Tom Russell who never says anything objectionable. The rest of the announcers seem to be hired upon their ability to spew forth hatred for the United States. They all sound like agents from the Kremlin.

The station is managed by a man named Treggasser, a Vice President of CBS. He puts out editorials regularly, and most of them are anti American.

I have written to Dr. Stanton of CBS, but this was many months ago and he has never answered my letter of complaint against the stations policies.

Recently they hired a new man named Gene Burns. He is apparently very well educated, and apparently studied for the Priesthood. He is the most anti-American and Pro Communist of them all.

He has repeatedly been harping on the subject of J. Edgar Hoover criticizing Martin Luther King, and then being made to apologize publically by Nicholas Katzenbach the Attorney General. I try to keep abreast with what you do and say and I remember you taking King to task but I never heard of you retracting anything you said.

*I never did retract. H*  
Yesterday a woman challenged him on this statement. He offered to give the date that you found fault with King, but when she said she did not need that date, but wanted him to come up with the date you apologized, he made a poor excuse that he did not keep such matters on record but would get Katzenbach on the telephone.

Reference is made to Chicago memorandum dated November 3, 1966, captioned as above.

[REDACTED] b7(D)  
[REDACTED] advised the Chicago Office of the Federal Bureau of Investigation, a.m., November 3, 1966, that Dr. Martin Luther King, Jr., President of the SCLC, was in Chicago at the present time, although the exact details concerning the time of his arrival were not available.

[REDACTED] advised that King is scheduled to visit alleged slum element buildings located at 3600 West Fulton Street and 1337 West Carroll Avenue, Chicago, at approximately 12 noon today, the purpose of these visits to encourage a rent strike being organized among tenants at these addresses by the East Garfield Park Union to End Slums (EGPUES). The EGPUES is a part of the CFM-SCLC.

[REDACTED] b7(D)  
[REDACTED] advised that buildings at these addresses are managed by the Balin Realty, 21 North Pulaski Avenue, Chicago, and the possibility exists that a prayer vigil and demonstration may be held before the Balin Realty later by the King group.

[redacted] continued that the CFM's "Operation Breadbasket," b7(D)  
an effort to assure additional employment opportunities  
in the area for Negroes, is currently conducting negotiations  
with the High-Low Foods, Incorporated. These negotiations  
are to increase the number of Negro employees by this  
grocery chain, together with a request that these stores  
utilize Negro owned banks in connection with their financial  
activities. [redacted] advised that CFM representatives have  
indicated the possibility of picket demonstrations in the  
event that continuing negotiations by the "Operation Breadbasket"  
officials and the High-Low Food Stores are unsatisfactory.

[redacted] advised at 1:15 p.m., November 3,  
1966, that Dr. Martin Luther King, Jr., and an entourage of  
some fifty persons had visited tenement buildings at the above  
addresses and had interviewed some of the residents here  
concerning their complaints about the conditions in these  
buildings and their difficulties with the building management.  
King and this group had subsequently proceeded to the

place, while King was in the [redacted] b7(D)  
management of this realty concerning a relation to

this demonstration was peaceful and there had been no arrests

that King and the fifty or so demonstrators had departed the area  
of the Balin Realty offices at approximately 3:30 p.m. on this

with this entire affair and [redacted] advised that he had no b7(D)  
information concerning King's itinerary or anticipated activities  
during the remainder of the day.

A confidential source, who has furnished reliable information in the past, on November 4, 1966, made available information concerning a CFM meeting which had been held the previous evening at the Christ Methodist Church, 6401 South Sangamon Street, Chicago. Reverend Jessie Jackson, affiliated here with the SCLC and in charge of "Operation Breadbasket," was the principal speaker to the approximately 200 persons who were in attendance. Jackson stated in his remarks that he has recently been meeting with officials of the High-Low Food Stores in Chicago and it now appears, as a result of the most recent meeting, that High-Low officials are going to "meet their demands." Jackson stated that 14 of the High-Low stores in Chicago are located in predominately Negro neighborhoods and these stores account for some 30 percent of the profits of the entire chain. The CFM is demanding that High-Low hire more Negroes and place their profits in Negro areas in Negro banks, so that Negro businesses may be supported.

Reverend James Orange of the SCLC was also present, according to this source, and asked for volunteers from the audience to join in the picketing demonstration which is planned for the Halsted and 63rd business district on the following Saturday, November 5, 1966. This demonstration will be in protest of an urban renewal project in this area which will demolish a Negro residential area to make way for additional shopping facilities.

[redacted] advised during the afternoon of November 4, 1966, that representatives of the CFM-SCLC and the EAC are now planning a march, November 6, 1966, on the Grand Crossing Chicago Police Precinct Station, 834 East 75th Street, the march to be in protest of the fatal shooting of an Englewood area resident on October 28, 1966, by Grand Crossing Patrolmen. [redacted] the victim [redacted] b7(D) had been stopped for a traffic violation, had fought with arresting officers, and was shot during the resulting altercation.

Representatives of the EAC and CFM are alleging that this individual was "murdered."

[redacted] continued that marchers are to assemble at the [redacted] b7(D) shooting scene, 71st and South Park Avenue, Chicago, on November 6, 1966, for the march to the Grand Crossing Station where a prayer vigil is to be held. This demonstration is to be in addition to that to be held in the vicinity of 63rd and Halsted on November 6, 1966, by the EAC and the CFM.

[redacted] advised that Dr. Martin Luther King, Jr. remains in Chicago to the knowledge of [redacted] residing with Dr. Alvin Pitcher, University of Chicago faculty member and advisor to the CFM. [redacted] had no information concerning his weekend plans or subsequent itinerary. b7(D)

ENGLEWOOD ACTION COMMITTEE (EAC)  
ENGLEWOOD AREA, CHICAGO, ILLINOIS

DIMONSTRATIONS BY CHICAGO FREEDOM  
MOVEMENT (CFM) - SOUTHERN CHRISTIAN  
LEADERSHIP CONFERENCE (SCLC)  
CHICAGO, ILLINOIS

[REDACTED] advised the Chicago Office during b7  
the late afternoon of November 5, 1966, that 25 to 30 demonstrators  
led by James Orange, above, gathered at Christ Methodist  
Church, approximately 2 p.m., November 5, 1966, for the  
demonstration to be held on that date at 63rd and Halsted  
Streets in the Englewood area on Chicago's south side.  
This group subsequently proceeded to 63rd and Halsted, picketed  
various business establishments located in this  
immediate vicinity and passed out handbills protesting the  
urban renewal program for the area. The demonstration  
ended at 3:30 p.m. with no incidents or arrests.

[REDACTED] above, advised on November 6, 1966, that t  
demonstration to have been held during the afternoon hours b7(D)  
of this date by the EAC and the CFM at 63rd and Halsted Streets  
did not take place. It developed that all efforts of  
these groups were subsequently directed toward the march on  
the Grand Crossing Police Station in protest of the fatal  
shooting of the Englewood area resident on October 28, 1966.

According to [REDACTED] demonstrators began assembling b7D  
at 64th and Sangamon at approximately 2 p.m. At 3:15 p.m.  
these demonstrators left by automobile for 71st and  
South Park Avenue, the scene of the shooting. From here  
the approximately 65 demonstrators marched to the Grand Crossing  
Station, located in the 7th Police District. Subsequently,  
upon arrival at the Grand Crossing Station, the number of  
demonstrators increased to approximately 150 persons, a  
brief prayer vigil was conducted, led by Reverend James  
Orange, and the demonstrators dispersed subsequently with no  
disturbance, arrests, or incidents at approximately 5 p.m.

Orange also demanded, just prior to the prayer vigil, that a civilian review board be set up in Chicago to investigate future such Police incidents and the two officers involved should be suspended and brought to trial for murder.

Before the demonstrators dispersed, an announcement was made that a rally would be held on Thursday, PM November 10, 1966, at the Antioch Baptist Church, 415 West Englewood Avenue and these participants in this rally would again march on the Grand Crossing Police Station.

The above confidential source advised on November 7, 1966, that Dr. King continues to remain in Chicago to the best of the source's knowledge. Over the weekend King was engaged in conference with the SCLC staff here, as well as with representatives of the Coordinating Council of Community Organizations (CCCO), concerning the general status of the CFM. King is not known to have participated in any of the CFM demonstrations over the past weekend.

The source continued that he has learned that the Chicago staff of the SCLC, as well as representatives of the CCCO, have plans to spend a portion of the coming weekend, that is November 12-13, 1966, in retreat or conference type activities at an unknown location in South Carolina. At this point further details are not known to the source concerning this latter activity on the part of the SCLC and the CCCO.

Pertinent portions of the above information were provided over the period of November 3-6, 1966, to the following individuals:

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 13341-13342. Congressman Ryan, (D) New York, pointed out that civil rights leaders have advised that they plan to return to Philadelphia, Mississippi, to pay tribute to the three civil rights workers, James Chaney, Andrew Goodwin, and Michael Schwerner, murdered in Philadelphia two years ago. He stated "I have urged and shall continue to urge that the Attorney General send Federal marshals and all available manpower to Philadelphia, Miss., on Friday in order to protect the civil rights leaders of this Nation in offering their tributes." Congressman Andrews, (D) Alabama, stated "Is the gentleman familiar with the record that the FBI has of Martin Luther King?" Ryan replied "I am familiar with the fact that the Reverend Martin Luther King is one of the great Americans of our time. - - - I hope that the gentleman from Alabama will join in this request that the President and the Department of Justice use Federal marshals, the FBI - - - to protect those who are only exercising their constitutional rights." Andrews went on to state "Is the gentleman familiar with the statement that Mr. J. Edgar Hoover made about Martin Luther King?" Ryan answered "Dr. King's record speaks eloquently for him."

Re: Communist Influence  
In Racial Matters  
Internal Security - C

A confidential source, who has furnished reliable information in the past, advised on August 25, 1965, that Bernard Lee (Personal Assistant to Martin Luther King) was in contact with Stanley Levison on that date. Lee stated that he was contacting Levison in behalf of King, who desired Levison review an article which he (King) was writing for "The New York Times" magazine (Sunday's edition). Lee said that King wanted to determine whether or not the article was perceptive enough and if not, wanted him to make the necessary changes. Levison agreed to the request and said that he would make whatever changes were necessary.

Later, on August 25, 1965, the same source advised that Martin Luther King contacted Levison concerning the article which is to appear in "The New York Times", and also in regard to other matters. After discussing the article, they concurred that the article would receive nationwide attention, prompting King to comment that the article should contain a message to the effect that one way to respond to "that" (Los Angeles riot) was to take a completely negative attitude, whereby the civil rights leaders and everyone else would be blamed for the trouble. King said he had been accused since he had urged people to break laws during the civil rights demonstrations. In an effort to explain his position more clearly, King said that he was trying to get across the fact that a crisis like "that" (Los Angeles riot) could be both a danger point as well as an opportunity. "This is the time", King said, "to seek the causes and face the fact that we haven't done enough to right wrongs". He said, "Now is the time to make a new national commitment on the whole question of civil rights."

## Communist Infiltration in Racial Matters

Levison, commenting on King's belief that a new national commitment should be made, said "such a statement could be expressed in the form King had used before, that non violence can make its effective contribution only when there is a creative and cooperative response on the other side from the power structure". [redacted]

According to the source, one other important matter was considered before King and Levison ended their conference. King said he had a feeling that there was a need to re-evaluate "our whole programmatic thrust" in the next few months, particularly their work in the North. He said that [redacted] was necessary since there had been accusations that the Los Angeles riot had been caused because civil rights leaders had not carried their program to the isolated people. [redacted]

It was agreed that in view of King's feeling that an urgent consultation with his advisors was needed, specifically Young, Bayard Rustin, Levison and Clarence Jones, that a meeting be held in Atlanta at the Hilton Inn on August 26, 1965, through the morning of August 28, 1965 [redacted]

The conference ended with a promise by Levison that he would contact Rustin and Jones to see whether or not they could attend the meeting. [redacted]

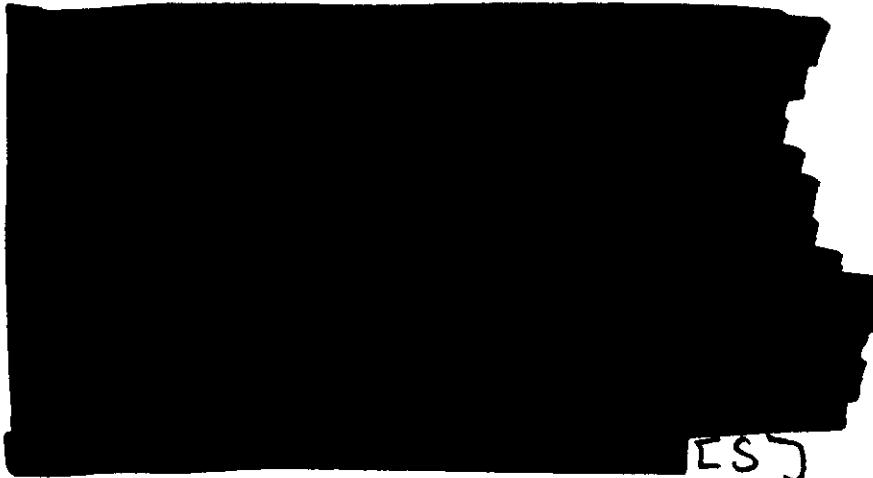

The source advised on the night of August 25, 1965, that Stanley Levison made arrangements to fly to Atlanta, Georgia on August 26, 1965, aboard Eastern Airlines Flight 101Y, which was scheduled to leave Kennedy International Airport at 9:30 a.m. and arrive in Atlanta at 10:38 a.m. The source said Levison would be met at the Atlanta airport by Andrew Young (Executive Director of the Southern Christian Leadership Conference) [redacted]

## Communist Influence In Racial Matters

In "The Saturday Evening Post", issue of July 11-18, 1964, page 76, Bayard Rustin is the subject of a feature article captioned: "The Lone Wolf of Civil Rights". In it, Rustin is said to have come to New York in 1938, as an organizer for the Young Communist League (YCL), and as such, he had the job of recruiting students for the "Party". Furthermore, the article reports that during his first years in New York, Rustin gave most of his earnings to the "Party". He reportedly left the "Party" in 1941, the article states. [U]

The YCL has been designated pursuant to Executive Order 10450. [U]

The "Daily Worker", February 11, 1957, page 1 column 2, reported that Bayard Rustin, Executive Secretary, War Resisters League, was an observer at the 16th National Convention of the Communist Party, United States of America (CP, USA), held in New York City, on February 9-12, 1957. [U]

The "Daily Worker" was an East Coast Communist publication until it ceased publication on January 13, 1958. [U] [REDACTED]

Another confidential source, who has furnished reliable information in the past, advised on February 19, 20, 1964, that Bayard Rustin contacted Benjamin J. Davis on those dates. [S-2]

DETAILS: During this Bureau's investigation of Martin Luther King, Jr., certain serials containing "sensitive" information were removed from his main file and kept in a safe cabinet in former Section Chief J. G. Deegan's Office.

As a result of a compromise worked out in the Bernard Lee and Southern Christian Leadership Conference civil suits against the FBI, the "sensitive" material was segregated from the other material in the safe cabinet and given to the National Archives, where it will be maintained for a specified number of years.

Because all "sensitive" material has been removed from the safe cabinet, the remaining material consisting of several original serials and "tickler" copies of serials has been returned to records, specifically the Special File Room, Room 5847, JEH.

Southern Christian Leadership Conference v.

sought \$1 million from the same defendants. Both suits sought to compel the FBI to furnish the courts with all tape recordings, transcripts, and memoranda resulting from tapes of plaintiffs' conversations. An amended complaint was filed on 9/29/76, in both civil actions to address certain issues listed in the defendant's motion to dismiss. On 1/31/77, U. S. District Court Judge ordered that the motions to dismiss the amended complaints in both civil actions be granted because the Statute of Limitations had run. However, the judge ordered that the results of microphonic and telephonic surveillance of King and the SCLC be turned over to the National Archives within 90 days of the date of dismissal order. The dismissal order expired on 4/30/77, but the Department of Justice asked the court for an extension of 90 days. That extension expired on 7/28/77, and the Department is requesting a further extension in this matter to complete the terms of the court order.

[REDACTED] On 7/28/77, Special Agent (SA) [REDACTED] Special Projects Review Unit, Special Investigative Division, and [REDACTED] Records Research Staff, Records Branch, Records Management Division, delivered ten boxes labeled 1 through 10 and marked "Secret - Martin Luther King, Jr., Materials" and one envelope containing an inventory of the contents of these boxes to [REDACTED] b7(c)  
[REDACTED] Chief of Legislative, Judicial and Fiscal Branch, b6

[REDACTED] signed a receipt, which is enclosed, for this material.

Materials involved were reviewed by SA [REDACTED] b7(d)

therein continued to warrant Secret classification.

On July 28, 1977, the National Archives and Records Service received from the Federal Bureau of Investigation 10 boxes labeled 1 through 10 and marked "Secret - Martin Luther King, Jr. Materials" and one envelope containing an inventory of the contents of these boxes.

of plaintiffs' conversations. An amended complaint was filed on 9/29/76, in both civil actions to address certain issues listed in the defendant's motion to dismiss. On 1/31/77, U. S. District Court Judge ordered that the motions to dismiss the amended complaints in both civil actions be granted because the Statute of Limitations had run. However, the judge ordered that the results of microphonic and telephonic surveillance of King and the SCLC be turned over to the National Archives within 90 days of the date of dismissal order. The dismissal order is due to expire 4/30/77, but the Department of Justice has asked the court for an extension of 90 days.

On 4/29/77, SA [REDACTED] Criminal Investigative b7 Division, and [REDACTED] Management Analyst, Records Systems Section, Records Branch, Records Management Division, delivered four boxes, labeled 1 through 4 and marked "Top Secret - Martin Luther King, Jr., Materials," and one envelope containing an inventory of the contents of these boxes to [REDACTED] Assistant Archivist, National Archives and Records Service, Washington, D. C. [REDACTED] signed a receipt, which is enclosed for this material.

Materials involved were reviewed by SA [REDACTED] from a classification standpoint and certain material therein continued to warrant "Top Secret" classification, while other material was downgraded or declassified. b7 b1

On April 29, 1977, the National Archives and Records Service received from the Federal Bureau of Investigation 4 boxes labeled 1 through 4 and marked "Top Secret - Martin Luther King, Jr. Materials" and one envelope containing an inventory of the contents of these boxes.

Recipients were advised subsequent to reairtel  
that this survey should include only tapes, transcripts  
and logs and should not include paraphrases of transcripts.

After reviewing pertinent FBIHQ files,  
Departmental Attorney Jonathan Smith advised on 4/7/77,  
that to comply with the court order in this matter it  
will be necessary to locate paraphrases of transcripts.

Therefore, recipients should review files  
concerning the aforementioned MISURS and TESURS, and where  
the results of the overhears were disseminated, to other  
field offices, a personal attention airtel should be sent  
to that field office containing appropriate identifying  
information enabling that office to locate the  
particular communication or communications. Those offices  
should be instructed to submit same to FBIHQ in compliance  
with the court order.

Copies of these communications, which should also  
show a Bureau deadline of 5/15/77, should be furnished FBIHQ  
to assist the Bureau in administrative handling of this  
matter. Due to volume of material disseminated by the  
Atlanta and New York Offices, those offices should submit  
periodic airtels as the material is identified so that the  
offices to which the material was disseminated can begin  
processing same.

RE: REPORT OF THE DEPARTMENT OF

minor discrepancies and typographical errors in the revised report were brought to the attention of the OPR on 2/1/77.

On 2/18/77 the OPR furnished a copy of its final report, which reportedly will be made public on 2/18/77. A review of this final report received 2/18/77 was made and the following changes made by OPR are set forth:

The Assassination Investigation

The previous OPR report contained the following statement on page 90, "Ray's stipulated judicial confession comports in detail with the facts disclosed by the investigation and the failure of the self-serving stories persuasively undermines the likelihood of any conspiracy. An actual conspiracy could be described with some verifiable corroborative details and a conspiracy to Kill Dr. King, in our view, clearly had to have Ray as its 'hit man.' We conclude on the basis of the evidence examined that there was no such conspiracy."

The final report amends the above on page 90 as follows: "Ray's stipulated judicial confession comports in detail with the facts disclosed by the investigation and the failure of the self-serving stories persuasively undermines the likelihood of any conspiracy." (The remainder of the material previously set forth was deleted.)

On page 91 of the final report, a footnote was added to read, "FBI files disclosed that James Earl Ray has an IQ of 105." On page 95 of the previous report, a sentence stated, in part, "Dr. Freeman believes that Ray was very capable of assassination ..." The final report changed this to read, "Dr. Freeman believes that Ray was potentially capable of assassination..."

Memorandum to Mr. Gallagher  
RE: REPORT OF THE DEPARTMENT OF  
JUSTICE TASK FORCE

The Security Investigation

On page 130 the previous OPR report referred to the "Deegan File" as FBI Headquarters location of some King material. A footnote in this report explained the "Deegan File" as a file cabinet in the Office of Section Chief Joseph G. Deegan containing documents and tapes removed from the regular filing system to provide more than normal protection. The final OPR report deletes reference to the "Deegan File" and the footnote.

On page 135 OPR deletes the following information pertaining to Coretta King: "... and attempting to verify rumors concerning various relationships which she might be having after the death of Dr. King (HQ 62-108052-64, 67, 71). These rumors were never substantiated. Yet, they were forwarded to the White House by the Bureau (HQ 62-108052-67)." ."

Miscellaneous

Following receipt of the previous OPR report, a number of minor discrepancies and typographical errors were brought to the attention of OPR on 2/1/77. In compliance, OPR's final report corrected typographical errors on pages 84 and 92, deleted the name Lester B. Sullivan from the title in a memorandum appearing in Appendix A, and assembled correctly two pages in Appendix A that were out of order. OPR took no action on our suggestion to delete, for privacy reasons, the names of SA Joe Hester on page 24 and Atlanta Chief of Police Jenkins on page 134, and, for security reasons, informant file numbers on page 25.

Re: Bernard S. Lee

On 1/31/77, U. S. District Court Judge John Lewis Smith, Jr., ordered that the motions by Federal defendants to dismiss the amended complaints in both civil actions be granted because the Statute of Limitations had run. He further ordered that within 90 days all known copies of the recorded tapes and transcripts thereof, resulting from the FBI's microphonic surveillance, between 1963 and 1968, of the plaintiff organization's former president Martin Luther King, Jr., and all known copies of the tapes, transcripts, and logs resulting from the FBI's telephone wiretapping, between 1963 and 1968, of the plaintiff organization's offices in Atlanta, Georgia, and New York, New York, the home of Martin Luther King, Jr., and places of public accommodation occupied by Martin Luther King, Jr. be assembled at FBIHQ. He also ordered that an inventory of the tapes and documents be delivered to him and the tapes and documents themselves be delivered to the custody of the National Archives and Records Service.

In order to comply with Judge Smith's order, each office should transmit all known copies of tape recordings, transcripts, and logs, as specified above, to FBIHQ by 2/28/77, to the attention of Mr. Vernon R. Thornton.

This should be handled under the direct supervision of each SAC and Legat and should include any portions of documents known to have been routed to other files.

Also, each office should send an inventory of all material transmitted.

In the event it is necessary for "Top Secret" material to be transmitted to FBIHQ, it should be handled in accordance with instructions set forth in Buairtel to all offices, dated 1/10/77, captioned, "Protection of National Security Information and Material, Executive Order 11652."

NOTE: This matter has been coordinated with SA P. Grant Harmon of the Legal Counsel Division. Buded of 2/28/77 will allow the General Investigative Division to assemble a composite inventory of all the material received from the field and prepare same for turning over to the National Archives.
